INDEX TO VOLUME 147

PART I—SUBJECTS 1–10
PART II—CONTRIBUTORS 10–16
PART III—BOOK REVIEWS 16–19
ACKNOWLEDGEMENT TO ASSESSORS 21

Index to Volume 147

PART I—SUBJECTS

Compiled by A. Stanley Thorley

Abbreviations: AIDS—Acquired Immunodeficiency Syndrome; C—Correspondence; CSF—Cerebrospinal Fluid; DSM—Diagnostic and Statistical Manual; DST—Dexamethasone Suppression Test; ECT—Electroconvulsive Therapy; MRC—Medical Research Council; NMR—Nuclear Magnetic Resonance; PSE—Present State Examination; SCL—Symptom Check List

Acquired Immunodeficiency Syndrome (AIDS): AIDS—panic: AIDS—induced psychogenic states; G. O'Brien and F. Hassanyeh (C) 91

Fear of AIDS; Bron Lipkin (C) 210

Acting out: Long term follow-up study of a ward-based behaviour modification programme for adolescents with acting-out and conduct problems; Therèsa Moyes *et al* 300–305

Adjustment disorders: Day and full-time psychiatric treatment; a controlled comparison; Peter Dick *et al* 246–250

Day treatment: suitability and referral procedure: Peter Dick *et al* 250–253

Adolescent behaviour: Long term follow-up study of a ward-based behaviour modification programme for adolescents with acting-out and conduct problems: Therèsa Moyes *et al* 300–305

Parasuicide in adolescents; D. Peter Birkett (C) 210–211

Recent undesirable life events and psychiatric disorder in childhood and adolescence; I. Goodyer *et al* 517–523

Teenage refusers grow up: a follow-up study of 168 subjects. Ten years on average after in-patient treatment; Ian Berg and Ann Jackson 366–370

Affective disorders *see also* **bipolar** *and* **depressive disorders:** Ageing and affective disorders; John M. Eagles and Lawrence J. Whalley 180–187

Ageing and first admissions for affective disorders; A. J. D. Macdonald (C) 731

Interpreting data in aetiological studies of affective disorder: some pitfalls and ambiguities; Tirril Harris and George W. Brown 5–15

Puerperal mental illness, clinical features and classification; E. S. Meltzer and R. Kumar 647–654

Treatment of seasonal affective disorder with light in the evening; Steven P. James *et al* 424–428

Aged (65 and over): Acquired hearing loss and psychiatric illness: an estimate of prevalence and co-morbidity in a geriatric setting; M. R. Eastwood *et al.* 552–556

Dexamethasone Suppression Test normalisation and treatment outcome in elderly depressives; S. Kutcher and K. Shulman (C) 453–454

Nutritional state of elderly women on admission to mental hospital; M. R. Hancock *et al* 404–407

Oldest patient with Capgras syndrome; Alistair Burns (*Brief report*) 719–720

Standardised psychiatric interview in elderly demented patients: George S. Winslow *et al* 545–546

Temporal orientation in the pre-senium and old age; Janet Brotchie *et al* 692–695

Ageing: Ageing and affective disorders: age at first onset of affective disorders in Scotland, 1969–1978; John M. Eagles and Lawrence J. Whalley 180–187

Ageing and first admissions for affective disorders; A. J. D. Macdonald (C) 731

Alcoholic beverages: Ageing in Down's syndrome; K. E. Hewitt *et al* 58–62

Vitamin supplement to alcoholic beverages; D. M. Hambridge (C) 733

Alcoholism: Changes in the incidence of alcohol-related problems in North-East Scotland, 1974–1982; John M. Eagles and John A. O. Besson 39–43

Familial alcoholism: evidence from 237 alcoholics; R. W. Lateham 54–57

Health beliefs and attendance for specialist alcoholism treatment; David W. Rees and Roger Farmer (*Brief report*) 317–319

Twin study of individuals with both schizophrenia and alcoholism; Kenneth S. Kendler 48–53

Alprazolam: Alprazolam in depression; A. C. Carr (C) 213

Alzheimer's disease: Malnutrition and Alzheimer's dementia; F. Abalan *et al* (C) 320–321

P3 and other long latency auditory evoked potentials in presenile dementia Alzheimer type and alcoholic Korsakoff syndrome; D. M. St Clair *et al* 702–706

Regional density and survival in senile dementia; John Colgan 63–66

Amenorrhoea: Clomipramine—induced galactorrhoea and amenorrhoea; V. S. Anand (*Brief report*) 87–88

Amino acids: Plasma amino acids in relation to cerebrospinal fluid monoamine metabolites in schizophrenic patients and healthy controls; L. Bjerkenstedt *et al* 276–282

Amitriptyline: Sexual side-effects of antidepressant medication: a double-blind comparison of two antidepressants in a non-psychiatric population; A. Kowalski *et al* 413–418

Amnesia: Cognitive deficit in a case of retrograde amnesia; Gisli H. Gudjonsson and Pamela J. Taylor (*Brief report*) 715–718

Annotations: Developments in psychiatric day care; Phillip J. Vaughan 1–4

Genetic counselling for schizophrenia; Adrianne Reveley 107–112

Importance of dosage in prescribing antidepresents; Frederic M. Quitkin 593–597

Relatives as a resource in the management of functional illness; Liz Kuipers and Paul Bebbington 465–470

Anorexia nervosa: Anorexia nervosa, parental 'expressed emotion' and dropping out of treatment; G. I. Szmukler *et al* 265–271

Antibodies, viral: Survey of serum antibodies to eight common viruses in psychiatric patients; D. J. King *et al* 137–144
Serum and CSF antibody titres to seven common viruses in schizophrenic patients; D. J. King *et al* 145–149
Antidepressive agents: Importance of dosage in prescribing antidepressants; Frederick M. Quitkin (*Annotation*) 593–597
Sexual side-effects of antidepressant medication: a double-blind comparison of two antidepressants in a non-psychiatric population; A. Kowalski *et al* 413–418
Arabia: Using the PSE in Arabic culture; M. A. Al-Khami (C) 731–732
Asneezia: Asneezia—a hitherto unrecognised psychiatric symptom; G. D. Shukla (*Brief report*) 564–565
Asperger's syndrome: Violence and Asperger's syndrome: David Mawson *et al* (*Brief report*) 566–569
Autism: Pica as a feature of autism; H. G. Kinnell (*Brief report*) 80–82

Bangalore: Home care for chronic mental illness in Bangalore: an experiment in the prevention of repeated hospitalisation; Shaila Pai *et al* 175–179
Behaviour therapy: DDAVP as a possible method to enhance positive benefit of behaviour therapy; David Greenberg and Robert H. Belmaker (*Brief report*) 713–715
Long-term follow-up study of a ward-based behaviour modification programme for adolescents with acting-out and conduct problems; Therèsa Moyes *et al.* 300–305
Benzhexol: Benzhexol withdrawal and cholinergic mechanisms in depression; M. S. Keshavan *et al (Brief report*) 560–564
Bipolar disorders: Open clinical trial of carbamazepine in treatment-resistant bipolar and schizo-affective psychotics; Martin Elphick (*Brief report*) 198–200
Social support and long-term lithium outcome; R. A. O'Connell *et al* 272–275
Blood platelets: DST results and platelet MAO activity; E. G. Th. M. Hartong *et al* (C) 730–731
Blood pressure: ECT, blood pressure changes and neuropsychological deficit; John R. Taylor *et al* 36–38
Body image: Body image distortion in bulimia nervosa; Sandra A. Birtchnell *et al* 408–412
Books reconsidered: *Hysteria: the history of a disease:* Ilza Veith; H. Merskey 576–579
The Myth of Mental Illness: T. S. Szasz; Andrew C. Smith 89–90
Brain injuries: 1,250 electroconvulsive treatments without evidence of brain injury; selected staff, University of Louisville School of Medicine (*Brief report*) 203–204
Brief reports: Abnormal dexamethasone suppression test in type II schizophrenia; D. Saffer *et al* 721–723
Asneezia—a hitherto unrecognised psychiatric symptom; G. D. Shukla 564–565
Benzhexol withdrawal and cholinergic mechanisms in depression; M. G. Keshavan *et al* 560–564
Clinical study of adult coprophagics; Neera Ghaziuddin and Carrick McDonald 312–313
Clomipramine-induced galactorrhoea and amenorrhoea; V. S. Anand 87–88
Cognitive deficit in a case of restrograde amnesia; Gisli H. Gudjonsson and Pamela J. Taylor 715–718
Corridor people; Anne Macdonald and Tewfik Daradkeh 446–448
DDAVP as a possible method to enhance positive benefit of behaviour therapy; David Greenberg and Robert H. Belmaker 713–715
Effect of Piracetam on ECT-induced memory disturbances; Dorry H. Ezzat *et al* 720–721
Health beliefs and attendance for specialist alcoholism treatment; David W. Rees and Rogert Farmer 317–319
Interaction between lithium carbonate and piroxicam presenting as lithium toxicity; D. G. Walbridge and S. R. Bazire 206–207
Lycanthropy lives on; P. G. Coll *et al* 201–202
Measuring abnormal movement in tardive dyskinesia: a pilot study; Wilson R. Firth and Mark H. Ardern 723–726
Neuroendocrine findings in chronic cocaine abusers: a preliminary report; Frank H. Gawin and Herbert D. Kleber 569–572
Neuroendocrine rhythms in a patient with the the Kleine-Levin syndrome; C. Thompson *et al* 440–443
Nocturnal prolactin secretion in depression; F. M. Mai *et al* 314–317
Notification of addicts and the medical practitioner; John Strang and Anant Shah 195–198
Oldest patient with Capgras syndrome?; Alistair Burns 719–720
1,250 electroconvulsive treatments without evidence of brain injury; selected staff, University of Louisville. School of Medicine 203–204
Open clinical trial of carbamezepine in treatment-resistant bipolar and schizo-affective psychotics; Martin Elphick 198–200
Parental breakdown associated with somatisation disorder (hysteria); Mark Zoccolillo and C. Robert Cloninger 443–446
Patterns of phobic neurosis: a retrospective study; R. Raguram and Agit V. Bhide 557–560
Pica as a feature of autism; H. G. Kinnell 80–82
Response to sequential administration of clomipramine and lithium carbonate in treatment-resistant depression; Geoffrey D. Schrader and Hugh E. M. Levien 573–575
Results of investigations in 150 demented patients consecutively admitted to a psychiatric hospital; E. G. Renvoize *et al* 204–205
Short-stay ward in a psychiatric hospital: effect on the hospital caseload; B. A. Martin *et al* 82–87
Violence and Asperger's syndrome; a case study; David Mawson *et al* 566–569

Briquet's syndrome: Parental breakdown associated with somatisation disorder (hysteria). Mark Zoccolillo and C. Robert Cloninger (*Brief report*) 443–446

Bulimia: Anorexia nervosa, parental 'expressed emotion' and dropping out of treatment; G. I. Szmukler *et al* 265–271

Body image distortion in bulimia nervosa; Sandra A. Birtchnell *et al* 408–412

Capgras syndrome: Oldest patient with Capgras syndrome?; Alistair Burns (*Brief report*) 719–720
Carbamezepine: Open clinical trial of carbamezepine in treatment-resistant bipolar and schizo-affective psychotics; Martin Elphick (*Brief report*) 198–200
Cerebral ventricles: Third ventricle size and dementia in schizophrenia; Robert G. Bankier 241–245
Ventricular enlargement in schizophrenia: the validity of computerized tomographic findings; Michael A. Reveley 233–240
Cerebrospinal fluid (CSF): Cerebrospinal fluid vasopressin—changes in depression; Annette G. Ferris *et al* 696–701
Plasma amnio acids in relation to cerebrospinal fluid monoarmine metabolites in schizophrenic patients and healthy controls; L. Bjerkenstedt *et al* 276–282
Serum and CSF antibody titres to seven common viruses in schizophrenic patients; D. J. King *et al* 145–149
Child abuse: Successive generations of child maltreatment: social and medical disorders in the parents; J. E. Oliver 484–490
Suicidal behaviour and child abuse; S. Greer (C) 324–325
Child behaviour disorders: Bereaved child: variables influencing early psychopathology; Michele M. Van Eerdewegh *et al* 188–194
Recent undesirable life events and psychiatric disorder in childhood and adolescence; I. Goodyer *et al* 517–523
Climacteric: Psychosocial vulnerability to life events during the climacteric; David J. Cooke 71–75
Clomipramine: Clomipramine-induced galactorrhoea and amenorrhoea; V. S. Anand (*Brief Report*) 87–88
Response to sequential administration of clomipramine and lithium carbonate in treatment-resistant depression; Geoffrey D. Schrader and Hugh E. M. Levien (*Brief report*) 573–575
Cocaine abuse: Neuroendocrine findings in chronic cocaine abusers: a preliminary report; Frank H. Gawin and Herbert D. Kleber (*Brief report*) 569–572
Cognition disorders: Cognitive deficit in a case of retrograde amnesia; Gisli H. Gudjonsson and Pamela J. Taylor (*Brief report*) 715–718
Cognitive deficits in systemic sclerosis; Femi Oyebode *et al* (C) 734–735
Comment: Cryptotrauma and "accident neurosis"; I. Pilowsky 310–311
Community mental health services: Psychiatric reform in Italy—how does it work in Piedmont? T. Becker 254–260
Rehabilitation and institutionalisation in community care in West Germany; Heinrich Kunze 261–264
Scottish survey of psychiatric rehabilitation and support services; Robin G. McCreadie *et al* 289–294
Self-referrals to a community mental health centre: a three year study; Francoise Hutton 540–544
Contraceptives: Contraceptives without consent?; Fabian Haggis (C) 91–92
Conversion disorder: Hysterical conversion states; Sarah E. Black *et al* (C) 735
Coprophagia: Clinical study of adult coprophagics; Neera Ghaziuddin and Carrick McDonald (*Brief report*) 312–313
Clinical study of coprophagia; Susan M. Ruben (C) 734
Contact lenses: Hazards of hard contact lenses in psychotic patients; Aidan McGennis *et al* (C) 733–734
Corpus callosum: Malignant corpus callosum tumour in an 85-year-old demented woman; B. Mahendra (C) 94
Corridor people: Corridor people; Anne Macdonald and Tewfik Daradkeh (*Brief report*) 446–448
Cortisol: Effect of desipramine upon melatonin and cortisol secretion in depressed and normal subjects; C. Thompson *et al* 389–393
Costs: Hundred years ago; Henry Rollin 96. Correction 326
Cross-cultural comparisons: Comparison of CATEGO class 'S' schizophrenia in three ethnic groups: psychiatric manifestations; A. F. Teggin *et al* 683–687
PSE in different cultures; J. K. Wing (C) 325–326
PSE in the transcultural setting; Femi Oyebode (C) 92–93
Race, culture and mental disorder; M. Hill *et al* (C) 452–453
Transcultural psychiatry; Roland Littlewood (C) 93. K. W. de Pauw (C) 585–586

Day care: Day and full time psychiatric treatment: a controlled comparison; Peter Dick *et al* 246–250
Day treatment: suitability and referral procedure; Peter Dick *et al* 250–253
Developments in psychiatric day care; Phillip J. Vaughan (*Annotation*) 1–4
Dementia *see also* **Alzheimer's disease**
Huntington's chorea without dementia; J. L. Waddell and C. J. Gillard (C) 583–584
Investigations in demented patients admitted to psychiatric hospital: Gregory O'Brien and Andrew Clark (C) 732–733
Malignant corpus collosum tumour in an 85-year-old demented woman; B. Mahendra (C) 94
Possible improvements to the diagnostic criteria for dementia in DSM-III; A. F. Jorm and A. S. Henderson 394–399
Presbyophrenia: clinical aspects; G. E. Berrios 76–79
Primary presenile dementia: the use of the visual evoked potential as a diagnostic indicator; G. F. A. Harding *et al* 532–539
Regional density and survival in senile dementia: an interim report on a prospective computed tomography; John Colgan 63–66
Relationship between Parkinson's disease and dementia. A study using proton NMR imaging parameters; J. A. O. Besson *et al* 380–382
Results of investigations in 150 demented patients consecutively admitted to a psychiatric hospital; E. B. Renvoize *et al* (*Brief report*) 204–205
Standardised psychiatric interview in elderly demented patients; George S. Winslow *et al* 545–546
Third ventricle size and dementia in schizophrenia; Robert G. Bankier 241–245

Depressive disorders: Adrenergic receptors in depression: effects of electroconvulsive therapy; Stephen J. Cooper *et al* 23–29

Alprazolam in depression; A. C. Carr (C) 213

Benzhexol withdrawal and cholinergic mechanisms in depression; M. S. Keshavan *et al* (*Brief report*) 560–564

Categories of depression: reported life events in a controlled design; Traolach S. Brugha and Ronan Conroy 641–646

Cerebrospinal fluid vasopressin—changes in depression; Annette G. Jerris *et al* 696–701

Depression: distress or disease? some epidemiological considerations; G. W. Brown *et al* 612–622

Depression in general practice: case thresholds and diagnosis; L. I. Sireling *et al* 113–119

Depression in general practice: clinical features and comparison with out-patients; L. I. Sireling *et al* 119–126

DST, endocrines and loss of weight; Stuart Checkley (C) 455

Dexamethasone Suppression Test and suicidal patients; Jon Ennis *et al* 419–423

Dexamethasone Suppression Test normalisation and treatment outcome in elderly depressives; S. Kutcher and K. Shulman (C) 453–454

Double-blind out-patient trial of indalpine vs mianserin; G. J. Naylor and B. Martin 306–309. Correction 587

Effect of desipramine upon melatonin and cortisol secretion in depressed and normal subjects; C. Thompson *et al* 389–393

ECT, blood pressure changes and neuropsychological deficit; John R. Taylor *et al* 36–38

Importance of dosage in prescribing antidepressants; Frederic M. Quitkin (*Annotation*) 593–597

L-5HTP in depression resistant to re-uptake inhibitors: an open comparative study with tranylcypromine; W. A. Nolen *et al* 16–22

Life events, depression and hypothalamic-pituitary-adrenal axis function; R. J. Dolan *et al* 429–433

Lithium and severe depression; Alan A. Fraser and Pramod Jauhar (C) 324

Lithium potentiation of imipramine in treatment resistant depression; Alec Roy and David Picker (C) 582–5833

Noctural prolactin secretion in depression; F. M. Mai *et al* (*Brief report*) 314–317

Normalisation of the Dexamethasone Suppression Test: a correlate of clinical improvement in primary depressives; Peter C. W. Bowie and Amal Y. Beaini 30–35

Plasma immunoglobulins in depressed and lithium-treated patients; Keith Wood *et al* (C) 581–582

Response to sequential administration of clomipramine and lithium carbonate in treatment-resistant depression; Geoffrey D. Schrader and Hugh E. M. Levien (*Brief report*) 573–575

DDAVP (l-desamino-D-arginine 8-vasopressin): DDAVP as a possible method to enhance positive benefit of behaviour therapy; David Greenberg and Robert H. Belmaker (*Brief report*) 713–715

Desipramine: Effect of desipramine upon melatonin and cortisol secretion in depressed and normal subjects; C. Thompson *et al* 389–393

Dexamethasone: Abnormal dexamethasone suppression test in type II schizophrenia; D. Saffer *et al* (*Brief report*) 721–723

DST, endocrines and loss of weight; M. M. Fichter and K. M. Pirke (C) 94–95. Stuart Checkley (C) 455

Dexamethasone Suppression Test and suicidal patients; John Ennis *et al* 419–423

Dexamethasone Suppression Test normalisation and treatment outcome in elderly depressives; S. Kutcher and K. Shulman (C) 453–454

DST results and platelet MAO activity; E. G. Th. M. Hartong *et al* (C) 730–731

Normalisation of the Dexamathasone Suppression Test: a correlate of clinical improvement in primary depressives; Peter C. W. Bowie and Amal Y. Beaini 30–35

Diagnosis: Definitions of psychiatric syndromes—comparison in hospital patients and general population; S. P. Sashidharan 547–551

Diagnostic and Statistical Manual (DSM)

Dexamethasone Suppression Test and suicidal patients; John Ennis *et al* 419–423

Possible improvements to the diagnostic criteria for dementia in DSM-III; A. F. Jorm and A. S. Henderson 394–399

Distress: Depression: distress or disease? Some epidemiological considerations; G. W. Brown *et al* 612–622

Douglas House: Douglas House: a new type of hostel ward for chronic psychiatric patients; D. P. Goldberg *et al* 383–388

Down's syndrome: Ageing in Down's syndrome; K. E. Hewitt *et al* 58–62

Is mania compatible with Down's syndrome?; S. J. Hucker (C) 93–94

Drug addiction: Notification of addicts and the medical practitioner: an evaluation of the system; John Strang and Anant Shah (*Brief report*) 195–198

Tourette syndrome and drug addiction; Lawrence Miller (C) 584–585

Drugs *see* **Antidepressive and psychotropic drugs.**

Alprazolam, Benzhexol, Carbamazepine, Clomipramine, Cortisol, Dexamethasone, Fluphenazine, Haloperidol, Imipramine, Indalpine, L-5-hydroxytryptophan (L-5HTP), Lithium, Lorazepam, Melatonin, Mianserin, Piroxicam. Sulpiride, Thioridazine, Tranylcypromine *and* Trazodone.

Dupuytren's contraceptive: Dupuytren's disease and mental handicap; J. Jancar *et al* (C) 211–212

Dyskinesia, drug induced: Measuring abnormal movement in tardive dyskinesia: a pilot study; Wilson R. Firth and Mark H. Ardern (*Brief report*) 723–726

Ego: Concept of ego strength in psychotherapy; Brian Lake 471–478

Electroconvulsive Therapy (ECT): Adrenergic receptors in depression: effects of electroconvulsive therapy; Stephen J. Cooper *et al* 23–29

Effect of Piracetam on ECT—induced memory disturbances; Dorry H. Ezzat *et al* (*Brief report*) 720–721

ECT, blood pressure changes and neuropsychological deficit; John R. Taylor *et al* 36–38
Electroconvulsive therapy in the Republic of Ireland 1982: a summary of findings; R. H. Latey and T. J. Fahy 438–439
Electrophysiological and hormonal responses to three-types of electroconvulsive therapy; Ashley Robin *et al* 707–712
Leicester ECT trial: results in schizophrenia; Roger Thomas and Gareth H. Jones (C) 581
Northwick Park ECT trial; Geoffrey W. Stuart (C) 727–728. Reply; T. J. Crow *et al* (C) 728–729
1,250 electroconvulsive treatments without evidence of brain injury; selected staff, University of Louisville School of Medicine (*Brief report*) 203–204
Emotion: Anorexia nervosa, parental 'expressed emotion' and dropping out of treatment; G. I. Szmukler *et al* 265–271
Endocrines: DST, endocrines and loss of weight; M. M. Fichter and K. M. Pirke (C) 94–95. Stuart Checkley (C) 455
Epilepsy: Epilepsy and psychosis; Janice R. Stevens (C) 321–322
Exercise therapy: Hundred years ago; Henry Rollin 213
Evoked potentials, auditory: P3 and other long latency auditory evoked potentials in presenile dementia Alzeimer type and alcoholic Korsakoff syndrome; D. M. St Clair *et al* 702–706
Evoked potentials, visual: Primary presenile dementia: the use of the visual evoked potential as a diagnostic indicator; G. F. A. Harding *et al* 532–539

Family health: Familial alcoholism: evidence from 237 alcoholics; R. W. Latcham 54–57
Psychiatric illness in first-degree relatives of patients with paranoid psychosis, schizophrenia and medical illness; Kenneth S. Kendler *et al* 524–531
Successive generations of child maltreatment: social and medical disorders in the parents; J. E. Oliver 484–490
Family therapy; Family and individual therapy: comparisons and contrasts; Jeremy Holmes 668–676
Family management in the prevention of morbidity of schizophrenia: the adjustment of the family unit; Ian R. H. Falloon and Jean Pederson 156–163
Relatives as a resource in the management of functional illness; Liz Kuipers and Paul Bebbington (*Annotation*) 465–470
Fluphenazine: MRC fluphenazine trial; Michael Robinson (C) 456. Reply; D. A. Curson *et al* (C) 456
Follow-up studies: Long term follow-up study of a ward-based behaviour modification programme for adolescents with acting-out and conduct problems; Theresa Moyes *et al* 300–305
Teenage school refusers grow up: a follow-up study of 168 subjects. Ten years on average after in-patient treatment; Ian Berg and Ann Jackson 366–370
Scottish survey of new chronic in-patients: two year follow up; R. G. McCreadie *et al* 637–640
Food-poisoning: Psychopathological aspects of the toxic oil syndrome catastrophe; J. J. López-Ibor Jr *et al* 352–365
Forensic psychiatry: Survey of the regional secure unit programme; Peter Snowden 499–507

Galactorrhoea: Clomipramine-induced galactorrhoea and amenorrhoea; V. S. Anand (*Brief report*) 87–88
General practice: Depression in general practice: case thresholds and diagnosis; L. I. Sireling *et al* 113–119
Depression in general practice: clinical features and comparison with out-patients; L. I. Sireling *et al* 119–126
Notification of addicts and the medical practitioner: John Strang and Anant Shah (*Brief report*) 195–198
Psychiatrists in primary health care settings; Alexander R. K. Mitchell 371–379
Genetic counselling: Genetic counselling for schizophrenia; Adrianne Reveley (*Annotation*) 107–112
Gilles de la Tourette's disease: Tourette syndrome and drug addiction; Lawrence Miller (C) 584–585

Half-way house: Douglas House: a new type of hostel ward for chronic psychotic patients; D. P. Goldberg *et al* 383–388
Haloperidol: Sulpiride and haloperidol in schizophrenia: a double-blind cross-over study of therapeutic effect, side effects and plasma concentrations; J. Gerlach *et al* 283–288
Health planning: How likely is it that a district health authority can close its large mental hospitals? L. S. Levene *et al* 150–155
Hearing loss, partial: Acquired hearing loss and psychiatric illness: an estimate of prevalence and co-morbidity in a geriatric setting; M. R. Eastwood *et al* 552–556
Hepatolenticular degeneration: Psychiatric aspects of Wilson's disease; T. R. Dening 677–682
Home care: Home care for chronic mental illness in Bangalore: an experiment in the prevention of repeated hospitalisation; Shaila Pai *et al* 175–179
Hong Kong: Season of birth of schizophrenics in Hong Kong; C. W. Lo (C) 212–213
Hospitalisation: Day and full time psychiatric treatment: a controlled comparison; Peter Dick *et al* 246–250
Day treatment: suitability and referral procedure: Peter Dick *et al* 250–253
Home care for chronic mental illness in Bangalore: an experiment in the prevention of repeated hospitalisation; Shaila Pai *et al* 175–179
Psychiatric reform in Italy—how does it work in Piedmont?; T. Becker 254–260
Rehabilitation and institutionalisation in community care in West Germany; Heinrich Kunze 261–264
Scottish survey of psychiatric rehabilitation and support services; Robin G. McCreadie *et al* 289–294
Hospitals, psychiatric: How likely is it that a district health authority can close its large mental hospitals? L. S. Levene *et al* 150–155
Investigations in demented patients admitted to psychiatric hospital: Gregory O'Brien and Andrew Clark (C) 732–733
Nutritional state of elderly women on admission to mental hospital; M. R. Hancock *et al* 404–407

Results of investigations in 150 demented patients consecutively admitted to a psychiatric hospital; E. B. Renvoize *et al* (*Brief report*) 204–205

Hospital units: Short-stay ward in a psychiatric hospital: effect on the hospital caseload; B. A. Martin *et al* (*Brief report*) 82–87

Hundred years ago: Home care; H. Maudsley 587

Open-door system; Henry Rollin 213

Report of Committee appointed by the Council on Certificates in Psychological Medicine; Henry Rollin 327. Correction 587

Huntington's chorea: Huntington's chorea without dementia; J. L. Waddell and C. J. Gillard (C) 583–584

Hypothalamic-pituitary-adrenal system: Life events, depression and hypothalamic-pituitary-adrenal axis function; R. J. Dolan *et al* 429–433

Hysteria: *Hysteria: The History of a Disease:* Ilza Veith; H. Merskey (*Books reconsidered*) 576–579

Imipramine: Importance of dosage in prescribing antidepressants; Frederick M. Quitkin (*Annotation*) 593–597

Lithium potentiation of imipramine in treatment resistant depression; Alec Roy and David Pickar (C) 582–583

Immunoglobulins: Plasma immunoglobulins in depressed and lithium-treated patients; Keith Wood *et al* (C) 581–582

Indalpine: Double-blind out-patient trial of indalpine vs mianserin, G. J. Naylor and B. Martin 306–309. Correction 587

Index Medicus: Irritability: definition, assessment and associated factors; R. P. Snaith and C. M. Taylor 127–136

Infanticide: Attempted infanticide; George Halasz (C) 326

In-patients: Scottish survey of new chronic in-patients; two year follow up; R. G. McCreadie *et al* 637–640

Ireland: Electroconvulsive therapy in the Republic of Ireland 1982: a summary of findings; R. H. Latey and T. G. Fahy 438–439

Irritable mood: Irritability: definition, assessment and associated factors; R. P. Smith and C. M. Taylor 127–136

Italy: Misunderstanding the Italian experience; M. Tansella (C) 450–451. Giovanni de Girolamo (C) 451–452. Harold Bourne (C) 452.

Psychiatric reform in Italy—how does it work in Piedmont?; T. Becker 254–260

Understanding the Italian experience: Shulamit Ramon (C) 208–209

Kleine-Levin syndrome: Neuroendocrine rhythms in a patient with the Kleine-Levin syndrome; C. Thompson *et al* (*Brief report*) 440–443

Korsakoff syndrome: P3 and other long latency auditory evoked potentials; D. M. St Clair *et al* 702–706

L-5-hydroxy-tryptophan (L-5HTP): L-5HTP in depression resistant to re-uptake inhibitors: an open comparative study with tranylocypromine; W. A. Nolen *et al* 16–22

Lecture: Resilience in the face of adversity: protective factors and resistance to psyhiatric disorder; Michael Rutter *Margaret Methven lecture, 1985)* 598–611

Leicester: Leicester ECT trial: results in schizophrenia; Roger Thomas and Gareth H. Jones (C) 581

Life events: Categories of depression: reported life events in a controlled design; Traolach S. Brugha and Ronan Conroy 641–646

Life events, depression and hypothalmic-pituitary-adrenal axis function; R. J. Dolan *et al* 429–433

Life stress, medical lethality, and suicidal intent; K. G. Power *et al* 655–659

Psychosocial vulnerability to life events during the climacteric; David J. Cooke 71–75

Recent undesirable life events and psychiatric disorder in childhood and adolescence; I. Goodyer *et al* 517–523

Lithium: Interaction between lithium carbonate and piroxicam presenting as lithium toxicity; D. G. Wallridge and S. R. Bazire (*Brief report*) 206–207

Lithium in severe depression; Alan A. Fraser and Pramod Jauhar (C) 324

Lithium potentiation of imipramine in treatment resistant depression; Alec Roy and David Pickar (C) 582–583

Plasma immunoglobulins in depressed and lithium-treated patients; Keith Wood *et al* (C) 581–582

Response to sequential administration of clomipramine and lithium carbonate in treatment-resistant depression; Geoffrey D. Schrader and Hugh E. M. Levien (*Brief report*) 573–575

Social support and long-term lithium outcome; R. A. O'Connell *et al* 272–275

Lorazepam: Lorazepam dependence and chronic psychosis; A. A. Fraser and I. M. Ingram (C) 211

Lycanthropy: Lycanthropy lives on; P. G. Coll *et al* (*Brief report*) 201–202

Malnutrition: Malnutrition and Alzheimer's dementia; F. Abalan *et al* (C) 320–321

Mania: Is mania incompatible with Down's syndrome?; S. J. Hucker (JC) 93–94

Trazodone and mania; Atul C. Pande (C) 95

Manic disorders: Paroxysmal Kinesigenic Choreoathetosis (PKC) and hypomania; Niel Joughin (C) 322–323

Recurrent unipolar manic disorder in the Yoruba Nigerian: further evidence; Roger O. A. Makanjuola 434–437

Marriage: Maudsley Marital Questionnaire (MMQ): an extension of its construct validity; Willem A. Arrindell and Cas Schapp 295–299

Oil wives and intermittent husbands; J. K. W. Morrice *et al* 479–483

Mates: Mates of schizoprehnic mothers; Rosemary Shinkwin (C) 454. Reply; Josef Parnas (C) 455

Medical Research Council (MRC): MRC fluphenazine trial; Michael Robinson (C) 456. Reply; D. A. Curson *et al* (C) 456.

Melatonin: Effect of desipramine upon melatonin and cortisol secretion in depressed and normal subjects; C. Thompson *et al* 389–393

Memory disorders: Effect of Piracetam on ECT-induced memory disturbances; Dorry H. Ezzat *et al* (*Brief report*) 720–721

ECT, blood pressure changes and neuropsychological deficit; John R. Taylor *et al* 36–38

Menstruation disorders: Pattern and prevalence of symptoms during the menstrual cycle; O. Van den Akker and A. Steptoe 164–169

Mental handicap: Dupuytren's disease and mental handicap; J. Jancar *et al* (C) 211–212

Psychiatric disorder in the middle-aged and elderly mentally handicapped; Kenneth Day 660–667

Mental disorders *see also* **Psychotic disorders**

Acquired hearing loss and psychiatric illness: an estimate of prevalence and co-morbidity in a geriatric setting; M. R. Eastwood *et al* 552–556

AIDS-panic; AIDS-induced psychogenic states; G. O'Brien and F. Hassanyeh (C) 91

Definitions of psychiatric syndromes—comparison in hospital patients and general population; S. P. Sashidharan 547–551

Home care for chronic mental illness in Bangalore; Shaila Pai *et al* 175–179

Motor disorders of severe psychiatric illness: a conflict of paradigms; Daniel Rogers 221–232

One hundred doctors at The Retreat: ten year survival; Robert A. Franklin (C) 586

Psychiatric disorder in the middle-aged and elderly mentally handicapped; Kenneth Day 660–667

Psychiatric illness in first-degree relatives of patients with paranoid psychosis, schizophrenia and medical illness; Kenneth S. Kendler *et al* 524–531

Puerperal mental illness, clinical features and classification: study of 142 mother-and-baby admissions; E. S. Meltzer and R. Kumar 647–654

Race, culture and mental disorders; M. Hill *et al* (C) 452–453

Resilience in the face of adversity: protective factors and resistance to psychiatric disorder; Michael Rutter (*Margaret Methven lecture, 1985*) 598–611

Relatives as a resource in the management of functional illness; Liz Kuipers and Paul Bebbington (*Annotation*) 465–470

Self-referrals to a community health centre: a three-year study; Francoise Hutton 540–544

Survey of serum antibodies to viruses in psychiatric patients; D. J. King *et al* 137–144

The Myth of Mental Illness: T. S. Szasz; Andrew C. Smith (*Books reconsidered*) 89–90

Water intoxication in psychiatric patients; P. Bourgeois *et al* (C) 323–324

Mianserin: Double-blind out-patient trial of indalpine vs mianserin; G. J. Naylor and B. Martin 306–309. Correction 587.

Sexual side-effects of antidepressant medication: a double-blind comparison of two antidepressants in a non-psychiatric population; A. Kowalski *et al* 413–418

Monamine oxidase (MAO): DST results and platelet MAO activity; E. G. Th. M. Hartong *et al* (C) 730–731

Mood disorders: Oil wives and intermittent husbands; J. K. W. Morrice *et al* 479–483

Munchausen's syndrome: Munchausen's syndrome; Erica M. Jones and M. P. Sternberg (C) 729–730

Mutism: Elective mutism; Ajit V Bhide and Shoba Srinath (C) 731

Nervous system diseases: Motor disorders of severe psychiatric illness: a conflict of paradigms; Daniel Rogers 221–232

Neurosecretory system: Neuroendocrine findings in chronic cocaine abusers: a preliminary report; Frank H. Gawin and Herbert D. Kleber (*Brief report*) 569–572

Neuroendocrine rhthyms in a patient with the Kleine-Levin syndrome; C. Thompson *et al* (*Brief report*) 440–443

Neurotic disorders *see also* **Hysteria** *and* **Phobic disorders**

Day and full time psychiatric treatment: a controlled comparison; Peter Dick *et al* 246–250

Day treatment: suitability and referral procedure; Peter Dick **et al** 250–253

Long-term attendance in the psychiatric out-patient department for non-psychotic illness; John C. Pomeroy and Bruce Ricketts 508–516

Therapeutic manipulation of nightmares and the management of neuroses; N. Bishay 67–70

New chronic in-patients: Scottish survey of new chronic in-patients: two year follow up; R. G. McCreadie *et al* 637–640

Nigeria: Recurrent unipolar manic disorder in the Yoruba Nigerian: further evidence; Roger O. A. Makanjuola 434–437

Nightmares: Nightmares following childbirth; Beverley Ann Beech and Jean Robinson (C) 586

Therapeutic manipulation of nightmares and the management of neuroses; N. Bishay 67–70

Northwick Park; Northwick Park ECT trial; Geoffrey W. Stuart (C) 727–728. Reply; T. J. Crow *et al* 728–729

Nuclear Magnetic Resonance: Relationship between Parkinson's disease and dementia. A study using proton NMR imaging parameters; J. A. O. Besson *et al* 380–382

Nutrition disorders: Nutritional state of elderly women on admission to mental hospital; M. R. Hancock *et al* 404–407

Orientation: Temporal orientation in the pre-senium and old age; Janet Brotchie *et al* 692–695

Outcome: Dexamethasone Suppression Test normalisation and treatment outcome in elderly depressives; S. Kutcher and K. Shulman (C) 453–454

One hundred doctors at The Retreat: ten year survival; Robert A. Franklin (C) 586

Shizophrenia with good and poor outcome; F. Quitkin *et al* (C) 455–456

Social disability and outcome in schizophrenic patients; A. de Jong *et al* 631–636

Out-patient clinics, hospital: Long-term attendance in the psychiatric out-patient department for non-psychotic illness; John C. Pomeroy and Bruce Ricketts 508–516

Paranoid disorders: Psychiatric illness in first-degree relatives of patients with paranoid psychosis, schizophrenia and medical illness; Kenneth S. Kendler *et al* 524–531
Parent-child relations: Parental breakdown associated with somatisation disorder (hysteria); Mark Zoccolillo and C. Robert Cloninger (*Brief report*) 443–446
Parkinson's disease: Relationship between Parkinson's disease and dementia. A study using proton NMR imaging parameters; J. A. O. Besson *et al* 380–382
Paroxysmal Kinesigenic Choreoathetosis (PKC): PKC and hypomania; Neil Joughin (C) 322–323
Patient care team: Psychiatrists in primary health care settings; Alexander R. K. Mitchell 371–379
Patient compliance: Health beliefs and attendance for specialist alcoholism treatment; David W. Rees and Roger Farmer (*Brief report*) 317–319
Patient dropouts: Anorexia nervosa, parental 'expressed emotion' and dropping out of treatment; G. I. Szmukler *et al* 265–271
Personality disorders: Day and full time psychiatric treatment: a controlled comparison; Peter Dick *et al* 246–250
Day treatment; suitability and referral procedure; Peter Dick *et al* 250–253
Long-term attendance in the psychiatric outpatient department for non-psychotic illness; John C. Pomeroy and Bruce Ricketts 508–516
Phenelzine: Importance of dosage in prescribing antidepressants; Frederic M. Quitkin (*Annotation*) 597–598
Phobic disorders: Patterns of phobic neurosis: a retrospective study; R. Raguram and Ajit V. Bhide (*Brief report*) 557–560
Phototherapy: Treatment of seasonal affective disorder with light in the evening; Steven P. James *et al* 424–428
Pica: Pica as a feature of autism; H. G. Kinnell (*Brief report*) 80–82
Piedmont: Psychiatric reform in Italy—how does it work in Piedmont?; T. Becker 254–260
Piracetam: Effect of Piracetam on ECT-induced memory disturbances; Dorry H. Ezzat *et al* (*Brief report*) 720–721
Piroxicam: Interaction between lithium carbonate and piroxicam presenting as lithium toxicity; D. G. Walbridge and S. R. Bazire (*Brief report*) 206–207
Plasma; Plasma amino acids in relation to cerebrospinal fluid monoamine metabolites in schizophrenic patients and healthy controls: L. Bjerkenstedt *et al* 276–282
Plasma immunoglobulins in depressed and lithium-treated patients; Keith Wood *et al* (C) 581–582
Presbyophrenia: Presbyophrenia: clinical aspects: G. E. Berrios 76–79
Prescriptions, drugs: Prescribing psychotropic drugs; R. Morgan and A. K. Gopalaswamy (C) 454
Present State Examination (PSE)
PSE in different cultures; J. K. Wing (C) 325–326
PSE in the transcultural setting; Femi Oyebode (C) 92–93
Using the PSE in Arabic culture; M. A. Al-Khani (C) 731–732
Prisoners: Motives for offending among violent and psychotic men; Pamela J. Taylor 491–498
Validity of the SCL-90 in a sample of British men remanded to prison for psychiatric reports; James H. Wilson *et al* 400–403
Prolactin: Nocturnal prolactin secretion in depression; F. M. Mai *et al* (*Brief report*) 314–317
Propranolol: Effect of propranolol and thioridazine on positive and negative symptoms of schizophrenia; D. Eccleston *et al* 623–630
Psychiatric illness *see* **Mental disorders**
Psychiatric status rating scales: Possible improvements to the diagnostic criteria for dementia in DSM-III; A. F. Jorm and A. S. Henderson 394–399
Standardised psychiatric interview in elderly demented patients; George S. Winslow *et al* 545–546
Validity of the SCL-90 in a sample of British men remanded to prison for psychiatric reports; James H. Wilson *et al* 400–403
Psychomotor disorders: Motor disorders of severe psychiatric illness: a conflict of paradigms; Daniel Rogers 221–232
Psychosexual dysfunction: Sexual side-effects of antidepressant medication: a double-blind comparison of two antidepressants in a non-psychiatric population; A. Kowalski *et al* 413–418
Psychotherapy *see also* **Behaviour and Family therapies**
Concept of ego strength in psychotherapy; Brian Lake 471–478
Family and individual therapy: comparisons and contrasts; Jeremy Holmes 668–676
Sex therapy—a critical appraisal; Martin Cole (*Review Article*) 337–351
Therapeutic manipulation of nightmares and the management of neuroses; N. Bishay 67–70
